Music, creative races Saturday

From Art Schroeder
Community Relations
Redevelopment &
Housing Agency
City of West Sacramento

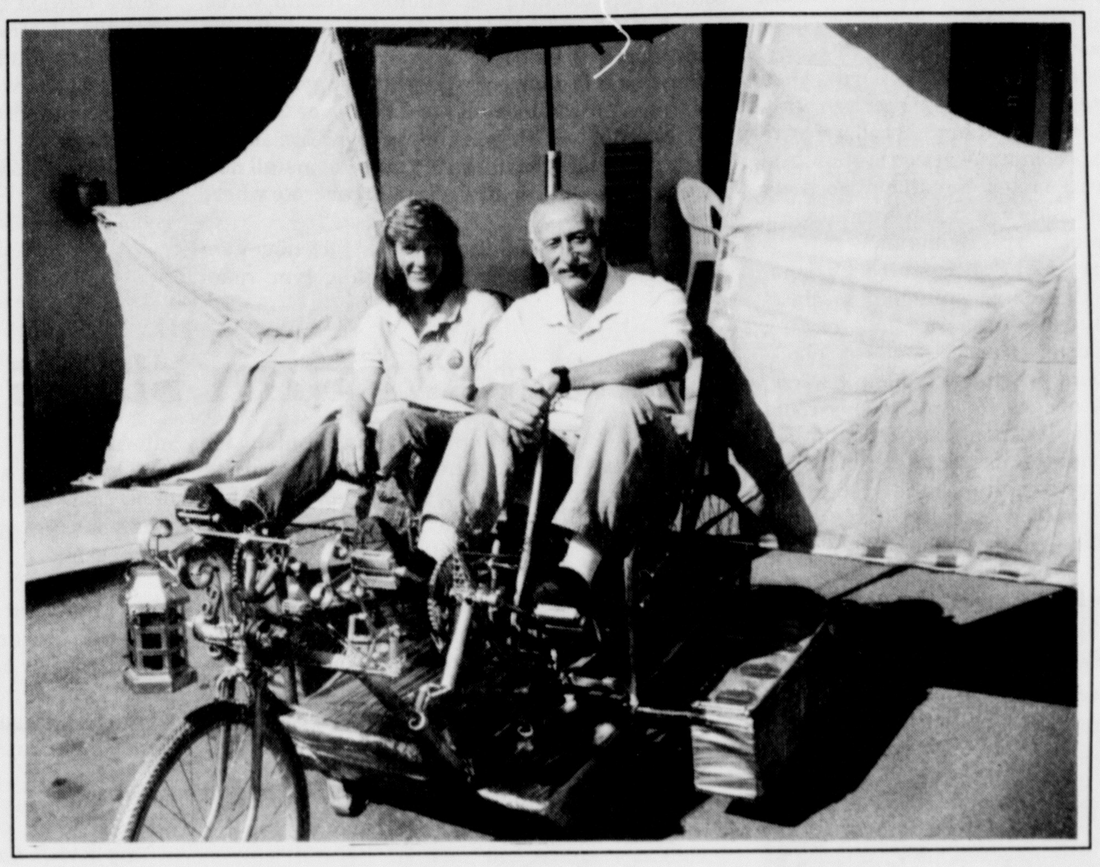
Two major events will open West Sacramento's new River Walk Park this Saturday:

Featuring the most unusual contraptions to cross the Sacramento River since the Gold Rush, the first annual River Otter Amphibious Race concludes at midafternoon on the River Walk promenade, north of the Tower Bridge.

Afterwards, just below the promenade (on the river side), West Sacramento's Riverbank Music Festival rolls out "Delta Breeze Blues" till sundown, starring the Bay Area's *Joe Louis Walker and the Bosstalkers*, and local favorites *The Chrome Addicts* and *The Lewminators*.

Built to be fun and wacky, the human-propelled vehicles entered in the River Otter Amphibious Race will compete over a four mile course, beginning at noon in Old Sacramento. The race heads north to Discovery Park, then across the Sacramento River to the West Sacramento-Broderick Boat Ramp, and finally south to River Walk Park, finishing between 2 and 4 p.m. -- provided such nasty elements as sand, mud and water don't knock the participants out of the race prematurely. The event is free to the public. Spectators are encouraged to meet the participants at the finish line on the brick-paved promenade overlooking the river.

Race participants include the cities of West Sacramento and Sacramento, Yolo County, and the engineering departments of CSUS and UC Davis. Veteran racers from the Arcata-to-Ferndale "Kinetic Sculpture Race" are also competing in the event. Entry sponsors for West Sacramento and Yolo County include Raley's/Bel Air, Ramco Enterprises and Sudwerk.



KAREN BONNETT and BILL SBARRA with "Da Vinci's Dream," the joint race entry from the city of West Sacramento and county of Yolo. The entry was designed by Hobart Brown, founder of the Arcata-to-Ferndale Kinetic Sculpture Race which began 30 years ago.

A joint effort of the Sacramento Metro Chamber and the West Sacramento Chamber, the River Otter Amphibious Race is designed to encourage tourism and promote riverfront development. For more information, call the Sacramento Metro Chamber at (916) 552-6808 ext. 105.

Returning for its sixth year, the West Sacramento Riverbank Music Festival will for the first time actually take place on the riverbank; the site will be the new River Walk park. Music begins at 2:30 p.m. and continues until sundown. Admission for the open-seating concert is $5 per person, with children under 12 and seniors over 65 admitted free. Guests are encouraged to bring blankets and low-backed chairs. Food and beverages will be available for puchase.

River Walk park was developed by the city of West Sacramento and features pedestrian access points to the river, including the new "Grand Staircase," which doubles as an amphitheater for the festival.

Headlining the music will be guitarist Joe Louis Walker, who has performed with a "who's who" of blues including Bonnie Raitt, Taj Mahal, Buddy Guy and Ike Turner. Also on the bill are Sacramento's *Chrome Addicts*, who have played a thousand concerts since 1993.

Produced by the West Sacramento Chamber of Commerce, the Riverbank Music Festival is co-sponsored by Pacific Bell, The Money Store, the law firm Kronick, Moskovitz, Tiedemann & Girard, the Yolo Co. Aggregate Producers Association, PG&E, Miles Treaster & Associates, Eller Media, Williams Communications, Nolte & Associates, and the city of West Sacramento. For more information, call the West Sacramento Chamber of Commerce, 371-7042.

Murder suspect arrested in Sacto

West Sacramento police detectives and Sacramento police arrested shooting suspect Manuel Trujillo, 20, at a South Sacramento home on Thursday morning. The arrest was without incident.

Trujillo was wanted for the shotgun murder of 18-year old Julio Robledo on August 26 at a Fairway Dr., West Sacramento, home. Wounded in the attack were a 15-year old boy and 18-year old woman.

Police have described the attack as gang-related.

Fellow suspect Ramiro Azevedo, believed to be an accomplice, was arrested several hours after the shooting and booked into Yolo Co. Jail.

Anyone with information on the shooting is asked to call 372-2461 ext. 262.

West Sac resident may lead RCHS

News-Ledger Staff Report

The search for a new principal for River City High School may be over sooner than expected.

The *News-Ledger* has learned that West Sacramento resident Morton Geivett has been chosen by Superintendent Dr. Dennis Kelleher, and that a contract has been agreed upon. Geivett remains to be approved by the WUSD school board.

Kelleher declined to confirm the identity of the chosen candidate, but said the school board would be asked to confirm a hiring at its meeting on Thursday. The item does not appear to be on the board's agenda for that meeting.

Geivett is currently the principal at Vacaville High School, where he has served four years. His wife, Pam Geivett, is a school secretary at Westmore Oaks Elementary School. The couple have two children at River City High School and a third at Westmore Oaks.

If hired, Geivett would fill the vacancy created when Dr. Donna White left River City High School this summer.

Vandals hit Southport construction equipment

News-Ledger Staff Report

Vandals did an unknown amount of damage when they struck a warehouse construction site in the Southport Business Park early Wednesday morning.

A backhoe (piece of heavy equipment) was used to overturn and run over one trailer, and a second trailer was burned.

"They evidently knew how to use the backhoe," said Mike Stodden of Buzz Oates Enterprises, which is general contractor and one of the landowers at the property. "They did destroy a trailer and a lot of documents in the trailer. A project manager's office was burned. They drove right over the top of it."

Stodden said the backhoe was destroyed in the process.

Lt. Dave Farmer of the West Sacramento Police Dept. stated that police and fire units responded to a fire at the site, near Ramco Blvd. and Mulvaney St., at about 4:30 a.m. The fire department's hazardous materials team was initially concerned because barrels of an unknown substance were leaking. The "latex" substance inside turned out not to be a hazard.

"We can't show anything stolen" during the incident, said Farmer.

A fire department was broken during the spree and the area partially flooded.

Port calls special meeting over locks

Meanwhile, West Sacramento's city council plans October agenda item to discuss the Port

Following a public dispute between City of West Sacramento officials and two members of the commission that governs the Port of Sacramento, the port commission will hold a special meeting at 8 a.m. tomorrow (Sept. 23) at 3251 Beacon Blvd. in West Sacramento.

The chief item on the agenda for the meeting will be a discussion of the future of Stone Locks, which connect the port to the Sacramento River. Port commission chairman Larry McConnell and fellow commissioner Kevin Forsberg have proposed future use of the locks for commercial barge traffic, effectively precluding West Sacramento from making its planned new bridge at Jefferson Blvd. a relatively economical "at grade" crossing.

The port commission as a whole has yet to take a position on the issue, and could do so at tomorrow's meeting.

City officials say the dispute may add a year to the time needed to upgrade the Jefferson Blvd. crossing over the barge canal at Stone Locks.

Meanwhile, West Sacramento mayor Christopher Cabaldon reports that the city council will discuss the issue of the port's governance in a workshop at an October council meeting (details to be announced). Following this, he expects to invite officials from the city and county of Sacramento to join in a discussion of the issue.

The possibility of West Sacramento making a deal to take over operation of the port may become a discussion item.

The port (located in West Sacramento south of Harbor Blvd.) is now governed by a commission whose majority is appointed by the city and the county of Sacramento. Sacramento County and eastern Yolo County form the port's district.

District has 'for sale' signs on three properties—

By Steve Marschke
News-Ledger Editor

Signs have been up for some time advertising the sale of three properties owned by the Washington Unified School District, although the district is just now beginning the formalities of placing them on the block.

"The school bond committee came back in April and said, 'we think if you're asking the district's voters to consider dipping into their pockets, the district ought to be taking some of its property and marketing it (to help defray costs of school improvements),' " said Dr. Dennis Kelleher, WUSD superintendent.

The district is now forming a committee to meet and consider declaring the three sites "surplus," and recommending that the school board sell them. A series of such steps is required by state law before selling the land.

Assistant Superintendent Jim Sweeney told the *News-Ledger* that the school board asked on Aug. 12 for the process to begin.

And while the process is not complete, Superintendent Kelleher commented that the properties are "absolutely" for sale.

"Every board member has said to me, 'put these properties up for sale,' " he said.

The properties include a 10.2 acre site across from the Arlington Oaks subdivision on Jefferson Blvd., appraised in 1990 at $1,345,000; a 20-acre "landlocked" site near Bee's Lake and South River Rd. in Southport; and a third Southport site of 9.7 acres near Gregory Ave.

Maple St. cars damaged

News-Ledger Staff Report

About 26 cars parked in the Maple St. area were spraypainted and otherwise vandalized overnight during the weekend.

The incident occurred in the late hours of Saturday night or early hours of Sunday, said Lt. David Farmer of the West Sacramento Police Dept., and some of the logos spraypainted indicate that it may have been gang-

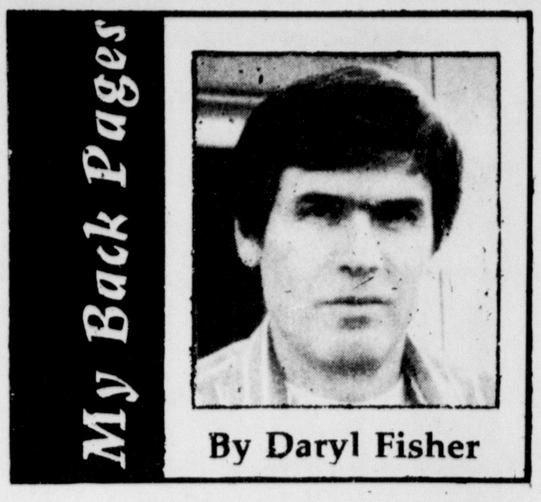
It's time to renovate West Sacramento's public schools



West Sacramento parents and grandparents of school-age children have long known that sooner or later, something would have to be done to improve the crumbling 50-year-old school facilities in this community. Heating, plumbing, and electrical systems desperately need updating and no child should be required to sit for hours at a time in the suffocating heat of a classroom without air conditioning. Science labs need to be modernized, classrooms need the proper wires, switches and cables for the computer age, doors and windows need to be replaced with the safety of students in mind, leaking roofs have to be repaired before they do more damage than they already have, emergency communication systems need to be put in place, restrooms have to be modernized or replaced, and the list goes on and on.

In the past decade, concerned West Sacramentans have tried on numerous occasions to address this extremely important issue without much success. The large amount of funds needed for the construction of a brand new high school was usually the main stumbling block, but come this November, that will have all changed. For the first time, local voters will be presented with a reasonably priced bond measure that concentrates almost exclusively on renovating existing structures and leaves most of the new construction needs to be addressed in the future.

The new bond is called Measure R and its proponents want all of the voters in West Sacramento to know the following:

"West Sacramento's Washington Unified School District has placed a school bond measure on the November 2nd local election ballot. It is called Measure R and its passage will generate $17.54 million for school renovation and construction projects throughout the district. Passage of Measure R will also allow the school district to receive an additional $20 million in State of California matching funds.

"Local school bonds like Measure R are paid off through property taxes on the assessed value of property, not its market value. It is estimated that the owner of a median assessed value home in the Washington Unified School District will pay an average of $29.28 per year over the 25-year life of the bond funding program.

"Measure R funds will be specifically used for the following projects:

Alyce Norman Elementary School: Install heating & air conditioning equipment in classrooms & other student areas; replace roofing where needed; add new carpet & tile in classrooms; repair doors & windows; install wires, switches & cables needed to support classroom computers; upgrade electrical service; renovate restrooms; install new plumbing; install new fire alarms & emergency communications system; add stage to multi-purpose room; install new security systems; install portable classroom to accommodate kindergarten class size reduction.

Local tech firm starts shipping

A West Sacramento manufacturing plant for Affymetrix, Inc., has begun shipping of its "GeneChip probe arrays," the company reports.

The 35,000 square foot plant is located on Embarcadero Dr. in the city's northwest, and is being examined for possible expansion.

Affymetrix describes the GeneChip system as a "platform. . . for acquiring, analyzing and managing complex genetic information in order to improve the diagnosis, monitoring and treatment of disease." The system consists of disposal DNA probe arrays containing gene sequences on a chip, reagents for use with the probe arrays, a scanner and other instruments to process the probe arrays, and software to analyze and manage genetic information.

"Over time, we intend to produce the majority of our new and existing products at this facility, while our Sunnyvale site transitions its focus to product and process development," said Ronald D. Verdoorn, Executive Vice President of Worldwide Manufacturing Operations at Affymetrix. "We look forward to increasing our capacity at this location by adding more equipment and building out the unimproved portions of this facility to meet the increasing demands for Affymetrix's GeneChip arrays."

The company trades as AFFX on the Nasdaq market.

Dixon squeaks past River City Raiders

River City would now be 2-0 -- if the games were 30 seconds shorter

By Chuck Robinson

River City High School lost another close football game Friday night to Dixon, just as it did last week to Natomas.

With 21 seconds left last week, Natomas scored the winning touchdown, and with 23 seconds left this week, Dixon scored the winning touchdown.

Friday against Dixon, River City scored first on a 52-yard run by Malfred Shaw. The conversion failed, making it River City 6-0.

Dixon then scored on a 65-yard pass and missed the conversion. Dixon then made it 8-6 with a safety.

River City's Shaw scored again on a 63-yard run, and the conversion failed, making it 12-8, River City.

In the third quarter, River City scored on a one-yard run by quarterback Brooks Marino, and Morton Geivett kicked the extra point, bringing the score to 19-8.

Dixon then scored on a 45-yard pass, and made it 19-14. The conversion was no good.

With 23 seconds left, Dixon scored on a seven-yard run, bringing them to the final score of 20-19.

River City's Shaw carried 26 times, gaining 188 yards. Robert Cervantes carried 12 times for 116 yards.

The River City junior varsity squad lost to Natomas 8-0, and to Dixon 20-6. River City's only score in the two games was by Jeff Jones against Dixon, on a seven-yard run.

This Friday, the Raiders will play at home against Vanden. Junior varsity plays at 5:30 and varsity at 7:30.

School board meetings to rotate among schools

On Aug. 26, the Washington Unified School District board of trustees voted unanimously to rotate board meetings throughout the school district this year. Each month, one of the district's two meetings will be held at a local school site.

The superintendent's office reports that board member Ed Hocking proposed the schedule to "encourage more parental involvement and increase accessibility of the Board to each school community."

The rotating meetings will feature a curriculum presentation by the principal of the hosting school. The meetings will be taped and broadcast on the Tuesday following the meeting.

The traveling meetings will be held:

Sept. 23 at Bryte Elementary School; Oct. 28 at Southport Elementary; Nov. 18 at Golden State Middle School; Dec. 2 at River City High School; Jan. 27 at Evergreen Elementary; Feb. 24 at Elkhorn Elementary; March 23 at Westfield Elementary; April 27 at Westmore Oaks Elementary; May 25 at Alyce Norman Elementary; and June 22 at Yolo Alternative Education Center.

The remaining regularly scheduled meetings will be held at city hall, 2101 Stone Blvd., and will be broadcast live on cable TV.

Soroptimist plans faire

From Soroptimist International of West Sacramento

Soroptimist International of West Sacramento is planning its 23rd Annual Holiday Potpourri Crafts Faire & Luncheon, scheduled for Nov. 6.

The event will be held in the River City High School campus, and the site is open to the public from 9 a.m. to 3 p.m., with free admission.

Soroptimist is an organization for business and professional women, and the club motto is "Best for Women." West Sacramento's chapter works on many community service projects -- including the recent furnishing of a "soft" interview room at the new city police facility. The room gives crime victims (including children) a place to talk to police in a non-threatening environment. The club also gave $2,500 to local graduating high school students last year.

Funds raised also support the battered women's shelter, the Yolo Co. Children's Sexual Abuse Clinic, the John H. Jones Community Clinic in West Sacramento and many senior citizens' activities. The holiday potpourri serves as the club's main fundraiser for the year.

Visitors will find handcrafted merchandise and many one-of-a-kind items. New vendors are invited to call Eva at 371-8126, or Lora at 590-0576.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

OPINION

News-Ledger Editorial

Tough calls come with the job

A recent city council vote in which a council member abstained, for no apparent reason, brought to mind the responsibilities of elected officials, and when they should or shouldn't abstain from a vote.

An elected official should abstain when there is a conflict of interest. If a decision will affect the official's real estate holdings, for example, or if it will affect their employment or business, then those are good reasons to abstain. In fact, an abstention from discussion or voting is usually required by law in those circumstances.

Someone elected to a city council or a school board has the responsibility to make decisions. Sometimes those decisions are hard. But to simply opt out of such a decision because it is difficult is to forfeit a voice -- and to shortchange the people who elected you.

Sometimes the decisions don't come easy, but a "yes" or "no" is still required. It goes with the job.

■■■

The current conflict between the City of West Sacramento and the Port of Sacramento may bring about a discussion that has been a long time coming.

The discussion, which may officially begin at a city council meeting next month, will be over the governance of the port. Underlying this discussion may be a recognition that the Port of Sacramento has little future as a commercial port, and that the present strategy of using its real estate assets to support its shipping operations may be a case of "the tail wagging the dog."

If shipping at the Port of Sacramento looks negligible in the long run, then there are better ways to decide how to use the real estate. This is a topic that was obvious nearly a decade ago -- when West Sacramento did the bulk of its land use planning -- but it is better to address it late than never.

Letters to the Editor

We need a DMV

I have just finished writing to Gov. Gray Davis, Senator Johannessen and the director of the California Dept. of Motor Vehicles, requesting that they establish a Dept. of Motor Vehicles office in West Sacramento so we will no longer have to drive to Davis or Woodland or Sacramento to take care of our DMV business.

West Sacramento needs and should have an office for the expanding (over 30,000) population in the city.

Thanks, health supporters!

The Palms Playhouse merits a special "thank you" for hosting the third annual benefit concert for CommuniCare Health Centers, Saturday, Aug. 28. Yolo Co. Supervisor Mike McGowan and the Roadmasters played "good old rock 'n roll" for a wide variety of dancing styles. Cindy and Donn Tuttle, backed by McGowan on the drums, opened the evening with smooth "torch" music.

All proceeds were donated to CommuniCare, which provides comprehensive medical, dental and vision care, substance abuse treatment, health education and outreach services to Yolo County's low-income and uninsured individuals and families. We appreciate the Palms and the musicians donating a wonderful Saturday evening to benefit our community.

where needed; add new carpet & tile in classrooms; replace doors & windows; install wires, switches & cables needed to support classroom computers; upgrade electrical service; renovate restrooms; install new plumbing; install new fire alarms & emergency communications system; install new security systems; install portable classroom to accommodate kindergarten class size reduction.

Yolo Continuation School: Install heating & air conditioning equipment in classrooms & other student areas; replace roofing where needed; add new carpet & tile in classrooms; replace doors & windows; upgrade electrical service; renovate restrooms; install new plumbing; install new fire alarms & emergency communications system; install new security systems.

All WUSD schools will also receive new interior and exterior paint and disabled access will be upgraded on each site."

In the coming weeks, I would like to encourage all West Sacramentans to learn as much as they can about Measure R because I believe it's the best school bond this community has ever put on the ballot. It addresses only our school district's most critical facility needs and also produces more than $20 million dollars in State of California matching funds. It's a huge step in the right direction for the future of West Sacramento and I hope everyone will be taking it.

For more information on how you can help get Measure R passed, you can call Support "R" Schools at 371-0175 or fax them at 371-0164. Support "R" Schools can also be reached by writing to Post Office Box 980654, West Sacramento, CA 95798.

Name that baseball team

A contest is now underway to find a new name for the Vancouver Canadians, the Triple-A baseball team expected to begin play at a new West Sacramento stadium next spring.

Grand prize includes a trip to the Baseball Hall of Fame in Cooperstown, New York, and the chance to throw out the first pitch on opening night at home. Deadline for entry is Oct. 1.

Season tickets are priced from $5 to $13 per game, with a personal seat license fee added.

Those interested in purchasing season tickets or entering the team name contests should call River City Baseball at (916) 447-4487.

Police volunteers sought

West Sacramento's police department is looking for citizens age 50 or over to participate in the "Volunteer in Policing" (VIP) program.

Volunteer opportunities are many and varied.

VIPs are expected to complete a 48-hour academy, attend monthly training sessions and work at least four hours per week.

Applications are available at the police department or city hall, or by downloading the information at the city's web page, www.ci.westsacramento.ca.us. Final filing date for current vacancies is Oct. 15.

For information, contact Penny Miceli, 372-2461 ext. 254.

WASHINGTON NEWS ITEMS

The Sacramento River registered two feet eleven inches U. S. gauge at the Southern Pacific bridge yesterday. This reading was taken about three P.M. when the tide was low and several sandbars showed above the Southern Pacific bridge. Later on toward seven o'clock the gauge showed a reading of three fee ten inches, or a rise of 11 inches.

T. D. McAnulty left last Thursday evening for San Francisco and Los Angeles to be gone for a period of about seven days. Mr. McAnulty has various interests up and down the Coast that demand his attention, and as a consequence he is forced to make frequent trips to outside points.

F. O. Emley, an official of the Motor Vehicle Department of the State, but located mostly in Oakland, was a visitor in Westgate last Thursday. His business was of a financial character, demanding a speedy return to his headquarters in Oakland.

Frank R. Alexander of Oakland and Ed. Engbo of Minneapolis were visitors in Westgate during the past week and both purchased homesites on which they have already contracted to build their homes. Both are about to move their families to Westgate and make permanent homes in this district. Both are mechanics and anticipate being able to find work in Sacramento and in this section of Yolo County.

Miss C. Lowe, employed in the office of the West Sacramento Company and Reclamation District 900, has gone on her vacation, which she is going to spend mostly in San Francisco and other Bay points.

McNally and Partridge, owners of the West Side Auto Camp, report that during the hot spell of the past week tourist travel has declined considerably and those who are passing through are people who usually stop at hotels. They expect, however, that the real tourist travel will be very thick on and after August 1st.

Mrs. Joseph Pereira has been somewhat improved in health during the past week, but was still under the attention of physicians yesterday. Mrs. Pereira is gradually overcoming a breakdown which she suffered several weeks ago and expects to be on her feet in a short while. Her husband believes that a long rest in the mountain section will be very beneficial to her.

The West Sacramento Auto Camp reports an increasing patronage during the past week. In fact, the number of tourists who stop overnight and continue on their way the next day is multiplying, according to the owner, Joe Pereira. Those who make long stops are now spending much of their time in the fruit orchards picking fruit. Last Wednesday night every cabin in the West Sacramento Auto Camp was filled, and several who did not have tents or accommodations of their own were forced to go farther on.

Wallace Fraser will leave Saturday morning for a two weeks' vacation in Yosemite Valley. "Wally," as he is familiarly known, has been working very hard since the first of the year and feels that a rest would benefit him a good deal. He refused to say yesterday who was going with him on his trip to the Yosemite Valley, but suspicions are rife, and indeed rumors have been current, that he is going to be accompanied by a very pleasant and amiable companion.

Henry Leinberger returned yesterday from Santa Cruz, San Francisco and other points in the south, where he has spent a vacation of ten days.

William Barry, a former resident of Washington, died in San Francisco on July 20th and his remains were cremated at Cypress Lawn Cemetery. During many years Barry was a resident of Washington, where he was employed in the cattle business, but he also worked for several years in the old pioneer mills on the river levee near the Southern Pacific Depot. Barry was well thought of in this community, but moved several years ago to San Francisco, where he was employed as caretaker by the Young Men's Institute for their building.

G. Fuller, whose home is on Carly Way, Sacramento, was arrested last Monday by Traffic Officer Jacobs for speeding on the highway west of Washington at a rate of fifty miles an hour. He was ordered to appear before Judge Barry this forenoon, July 31st, for sentence.

Johnny King will take charge of the ferry at Elk Slough tomorrow, August 1st. He has been making his home in Riverbank for some time past, but moved his family today to a house in the vicinity of the ferry.

Mrs. Tom Dupzyk left last Tuesday evening for Topeka, Kansas, where she expects to make an extended visit with friends and relatives. During her absence Tom will do some of the cooking and some of the housecleaning, but he has promised himself not to overdo either.

The work has been started by Supervisor Buckingham on the streets of Riverbank. Those streets that have been graveled are being plowed up and rolled so as to place them in condition for automobile travel. No work has been done on these streets for some time and the improvement now being made under the direction of Supervisor Buckingham has been badly needed. Residents of the town are very anxious to have this work done and fully appreciate what Mr. Buckingham is doing to make things comfortable for them.

Mrs. P. R. George, Mrs. P. O. Van Deren, Gyneth Meyers and Lois Collins went to Chico last Sunday purposely to leave Miss Collins at her home. Miss Collins found that her folks had gone on their vacation and consequently was forced to return to Washington for another week or ten days.

Clarence Reynolds has returned to his Stockton home after visiting relatives here.

L. Butters of Richmond has returned home after spending a few days with his sister, Mrs. H. Garber.

Mrs. E. Klefman and daughters, Erna and Verna, have returned from Shasta Retreat.

Ed Van Olinda has returned from Lake Tahoe, where he has been spending several weeks.

Harley Austin and family, who have been established at Lake Tahoe since the first of the season, returned home Sunday.

Mr. and Mrs. A. Moore of Lincoln are visiting here as the guests of their two sons, Fred and Clark Moore.

Mrs. F. C. Buckingham of Paradise Valley, Nev., is visiting here with her mother, Mrs. J. Marty.

Floyd Cook is visiting for several days in San Francisco.

Mrs. A. A. Dassonville and daughter, Helen, spent Sunday in Vallejo.

Bright Future for Westgate Is Now Assured in Backing of Bondholders' Committee

Confirming reports that have been current during the past week, word was given the Independent yesterday by Philip I. Manson that the Westgate proposal now has the backing and support of the Committee of the Bondholders of West Sacramento.

In other words, the capitalists who form the committee representing the bondholders of the West Sacramento District are behind Westgate to promote its best interests to help it along financially and to make it an ideal homesite for those seeking residences in this locality.

Speaking to the Independent, Mr. Manson said:

"Three months ago I was a visitor in Westgate and was not oversanguine at the proposal as it then appeared to me.

"Today, however, I see such a wonderful development that I feel absolutely assured that this district can be made one of the ideal homesites around Sacramento.

"I can see such improvements as I thought would not come for several years in the future, and already the accomplishments that have been made bear evidence of the fact that Westgate can be made an ideal spot, not only as a homesite but as a manufacturing center and as a business center.

"The advantages this section has over many other suburban tracts in and around Sacramento are too numerous to permit this land to lie idle while other sections go ahead demanding ever so much higher prices.

"So far as the committee of the bondholders of the West Sacramento Company is concerned, I feel satisfied that they will do their portion to promote the district. A contract has been let to install six-inch mains in all the residence streets to carry water to the homes. The pipe is already on the way and as soon as it arrives the work of installation will be started.

"Electric lines are now being extended to every street on which a home is located. Any home about to be occupied can get an immediate supply of electricity.

"It will take but a very short time to secure a supply of gas, because the pipe line extending across the river between Sacramento and Woodland is only located a few hundred yards away trom this district.

"Another thing that I want to see done to help along the locality is the improvement of the entrance. At the present time the water works and several old barns disfigure the roadway between headquarters and the Sacramento River. These will be removed as soon as possible or moved to other localities.

"Indeed, I feel very much elated over what has already been done and I am going to encourage the other members of the Bondholders' Committee to give all the backing possible to the promotion of Westgate."

Mr. Manson spent all day Thursday looking over the Westgate district. He even went as far south in the West Sacramento District as the southern levee and the pump house located on the west levee.

Yesterday afternoon, in company with Mr. A. F. Turner, he made another trip of inspection along the river levee as far south as River View.

The idea that drew the attention of Mr. Manson most was the construction of thirty-five new homes now going along steadily under the direction of McAnulty Brothers and the Westgate Realty Company.

All these homes have been built or nearly finished in a period of less than four months. Other homes are about to be built, and in all contracts have been let for nearly fifty residences.

Inquiry was made yesterday by a Sacramento caterer for the erection of a skating rink and dance hall in Westgate. The proposer of this improvement has abundant capital to make it a success and if a suitable site can be found available the building will be constructed.

BOOSTERS' CLUB BEWAILS LACK OF INTEREST IN NURSING

Matters of little interest were taken up last Tuesday evening in the town hall by the Washington Boosters' Club.

Perhaps the principal question before the meeting was the noted lack of attendance at the nursing courses being given in the public school building by County Health Nurse Miss Rozzie Carrow.

Only a few women and children attend these nursing classes, and yet they are deemed of vital importance to every housewife who has the care of a husband or growing children. Women and girls are taught, in these classes, how to render first aid in case of accident and are also taught how sick people should be treated when a physician cannot be found when a serious case of sickness happens.

The ladies of the club who make it a business to attend the classes are loud in their praises of the work being done by the County Health Nurse.

STABBING AFFRAY NEAR BEAN WAREHOUSE THURSDAY NIGHT

Taken to the emergency hospital last night suffering from a knife wound in the stomach, George Bulatobich, 1402 Third Street, driver of a taxicab, told the police that a passenger of his cab and an unknown man started a fight on the Yolo side of the river, south of the M Street bridge, and that during the fight he had been accidentally injured. Bulatobich's wound was not serious, and he was discharged from the hospital.

Shortly after the taxicab driver's departure, William "Red" Lee, who has been arrested by the police several times on various charges, was taken to the emergency hospital by an unidentified man for treatment of two superficial knife stabs, one in the abdomen and the other in the back.

Lee, who gave his present address as Box 864, Roseville, informed the police that he had been very drunk and remembered that either two or three Mexicans had been in his party. He is of the opinion that one of the Mexicans wielded the knife which caused the wounds, but declared that he is not certain.

The police were trying to connect the two stabbing cases.

TRUCK STOLEN FROM LUCE RANCH NEAR ELKHORN

WOODLAND, July 9.—Charles Luce, Elkhorn district farmer, just "had a hunch" his truck was going to be stolen when he left it in a field unattended. As a precaution he removed the spark plugs and the coil.

The following day he returned and found that his "hunch" was [illegible] one—the truck was gone. T[illegible] apparently had towed it away [illegible] J. W. Monroe now is looking [illegible] truck.

FATHER AND SON SAVED FROM RIVER

WOODLAND, July 28.—Seven Sacramento youths, names unknown, plunged into the Sacramento River Sunday and rescued Hiram Shaffer and his 11-year-old son Harold of this city.

The family had gone to the river for a fishing party, and young Harold waded out too far. His mother's

WESTGATE IRON AND FOUNDRY COMPANY TO ENLARGE PLANT

Within a few days Green Brothers of Durham, Butte County, will move their foundry and machine works to Westgate and will incorporate their plant with the plant of Dr. Boyd, which has been in operation as a foundry and iron works for several years past.

To handle the new institution an incorporation has been formed with a capitalization of $150,000.

Green Brothers have taken stock in this incorporation in payment for their plant and machinery and will add to the plant of Dr. Boyd a large and growing business that has been in operation in Durham for several years past.

When the incorporation is completed it is the purpose of the foundry company to erect a two-story brick building measuring 30x120 feet to accommodate the machine shop and foundry.

The products to be turned out by this new incorporation, which will be known as the Westgate Iron and Foundry Company, are ornamental medals made from steel, aluminum, copper, nickel and other alloys.

The class of goods to be manufactured are automobile ornaments, light fixtures, lamps, shades and such other materials as are in common and daily use in the building of homes and other structures.

Green Brothers expect to be in Westgate within the next ten days with several carloads of material they have been using in their business in Durham.

EXTENSIONS BEING MADE TO WASHINGTON WATER MAINS

Under the direction of Ralph Shaw, a crew of men has been busy during the past week extending the water main on James Street west from Rocky Point to Eighth Street.

This new installation is six-inch pipe and is being placed to supply the residences and home owners in the northern part of the town. The extension runs westward from Second Street as far as Sixth.

Another extension is about to be made on Second Street from the water works to Margaret Street, or the southern town limits. This extension will also be a six-inch pipe and will be connected with all fire plugs that are now in that district. Preparations have been made to continue the old fire plugs in use for the time being or until the fire trustees can see their way clear to replace the plugs that are now in use with those of more modern type.

The old water main on Second Street has been in use for many years, and it has been feared for some time past by the directors of the water works that in case of fire or extra pressure this water main might not hold. Anyway, the main on Second Street has become clogged more or less and needed replacing so as to give better service to the home owners in the southern portion of town.

MOTORIST HURT IN MOTORCYCLE RACES

George Bertis, aged 19, a chauffeur, 2630 Thirty-third Street, Sacramento, was cut about the face and hands when he was thrown from his motorcycle in West Sacramento Sunday. Bertis said that he was riding at a high rate of speed and that engine trouble developed, causing the accident.

SPLENDID BREWERY RAIDED BY OFFICERS NORTH OF TOWN

One of the largest and best equipped breweries ever discovered by local prohibition agents was raided Saturday on the Greer-Reeves ranch in Yolo County. A. H. Long, Joe Oliver and Tony Fortado were taken into custody and 3500 bottles of beer were confiscated.

Tanks were found with a capacity of 10,000 gallons and apparatus capable of turning out 3000 bottles of beer a day. The officers said that near-beer was loaded with alcohol and then recharged and that this place was the origin of the largest percentage of illegal beer sold in Sacramento.

A cow shed was utilized for the purpose and the presence of 100 head of cattle in no way embarrassed the brewers. The place has been in operation about two months.

INVITATION TO BID

Sealed proposals will be received at the office of the Director of Community Development, 1951 South River Road, West Sacramento, California until **2:00 p.m. local time on Tuesday, October 12, 1999**, at which time and place they will be publicly opened and read aloud for the:

West Capitol Avenue Water Main Replacement Project

The proposed work consists of the following:

Description of Work: The work consists of the placement of water main, water services, valves, and fire hydrants, abandonment of existing water mains, water services, valves, and fire hydrants; and all related components necessary to complete the work as specified in the Contract plans. In addition, the work includes the replacement of any pavement, sidewalk, curb and gutter or public and private landscaping removed or damaged as a consequence of the execution of this Contract, as well as traffic stripes, pavement markings and all necessary traffic control.

Completion of Work: All work shall be completed within forty-five (45) working days from the date designated on the Notice to Proceed.

Obtaining Contract Documents: Plans and specifications may be examined at the office of the Director of Community Development, 1951 South River Road, West Sacramento, California. A copy of bid documents may be obtained at the office upon request and payment of $20.00 or mailed upon request and payment of $25.00. The amount of the payment is non-refundable.

Submission of Proposals: All proposals must be submitted not later than the time prescribed. The bidder is wholly responsible to see that his bid is submitted at the time and place designated for the opening of bids. Any bid received after the time and date specified shall not be considered. Any bid may be withdrawn prior to the scheduled time for opening bids.

Each bid must conform and be responsive to this notice and shall be made on the official proposal forms furnished with the contract documents.

Attention is directed to the provisions of Business and Professions Code Section 7028.15 which makes it a misdemeanor for any person without a valid contractors license (with specific exceptions) to submit a bid to act as a Contractor to a public agency.

Proposal Guarantee: Each proposal must be accompanied by cash, a cashier's check, certified check or bid bond, executed on the prescribed form, in an amount not less than ten (10) percent of the total bid price payable to the City of West Sacramento.

Bidders are hereby notified that in accordance with the provisions of Government Code Section 4590, securities may be substituted for any monies which the City may withhold pursuant to the terms of this Contract to ensure performance.

Construction License: The successful bidder must possess a current **Class "A" General Engineering** or a **Class "C-34" Pipeline** Contractor's License issued by the State of California.

Award: The award shall be made to the lowest responsible bidder whose proposal complies with the specified requirements. The award of Contract will be made by the Director of Community Development, and the Contractor shall execute the Contract within ten (10) days after he has received the Contract from the City.

The City reserves the right to waive any irregularity in the proposals. No bid may be withdrawn for a period of sixty (60) days after the opening of bids.

Rejection of Bids: The right is reserved to reject any and all bids. Any bid not conforming to the intent and purpose of the Contract documents may be rejected. The City reserves the right to make all awards in the best interest of the City.

Disqualification of Bidder: If there is a reason to believe that collusion exists among any bidders, none of the bids of the participants in such collusion will be considered and the City may likewise elect to reject all bids received.

Relief of Bidder: Attention is directed to the provisions of Public Contracts Code Section 5101 and following, concerning relief of bidders and in particular to the requirements therein that if the bidder claims a mistake was made in his bid, the bidder shall give the City written notice, within five (5) days after the opening of bids of the alleged mistake, specifying in the notice, in detail, how the mistake occurred.

Wage Rates: Bidders are hereby notified that the California Director of Industrial Relations has determined the general prevailing rate of wages for each craft, classification, or type of worker needed to execute the work.

It shall be mandatory for the Contractor and any subcontractor under him to pay not less than the said specified rates to laborers and workmen employed by them in the execution of this Contract.

Bonds: The successful bidder will be required to furnish a payment bond in an amount equal to one hundred (100) percent of the Contract price, and a faithful performance bond in an amount equal to one hundred (100) percent of the Contract price.

About six million cars are registered in the five-county area of Los Angeles. At a car for every two people, that's the highest ratio in the world.

Police log

Sept. 17, 10:45 p.m.

A car was stopped by police for a vehicle code violation on Evergreen Ave. A pat search and a conversation with the driver led to the discovery of about 0.6 grams of methamphetamine in the driver's possession. The 31-year old Carmichael man was booked.

Sept. 17, 11:20 p.m.

Near 4th and G streets, the CHP had detained a suspect in the strong arm robbery of a bicycle. The victim had approached the officers on the Tower Bridge, and the 16-year old reported the crime. The officers found the suspect nearby. The suspect, recently released from juvenile hall, was taken into custody by West Sacramento police.

Sept. 18, 7 a.m.

A motel manager on West Capitol Ave. reported that a man had thrown a bottle at his wife. Police located the suspect nearby. Because the bottle did not strike the woman, he was cited for littering only, according to police records.

Sept. 185:05 p.m.

On Enterprise Blvd., a man heard a crash and saw that a suspect had smashed his vehicle's window and was attempting to take the stereo. The man got a description and license number for the suspect's vehicle.

Sept. 18, 7:30 p.m.

On Arthur Dr., a 3-year old child was found wandering. The child's parents were notified and picked the child up.

Sept. 18, 8 p.m.

An intoxicated 33-year old man on Glide Ave. hit his wife and pulled her hair. She went down the street to use the pay phone, and he followed and verbally abused her. The man was then confronted by officers who had to physically restrain him. He was booked.

Sept. 18, 10:50 p.m.

Officers were dispatched to a disturbance on West Capitol Ave. The suspect was uncooperative and resisted arrest. He had pushed his girlfriend onto a bad, and slapped her with an open hand. When she tried to call 911, he grabbed the phone and attempted to disable it. The victim was able to run outside and shout, "Call police!"

VANDALS from page one

related.

"Some of it was obvious gang (symbols), and some of it was not," said Farmer. "Things were taken out of some of the vehicles. Most of the crimes were vandalism, although there was some burglary. It counts as burglary even if, as in one case, motor oil is drained from the car and then poured over it."

A police incident report stated that the attack occurred centered around the 500-block of Maple, and that seven people were interviewed by officers. Four were photographed and one was issued a traffic citation.

Farmer also reports a recurrence of vandalism in the business district by someone possibly shooting ball bearings or marbles from a "wrist rocket" slingshot.

Windows have been broken in the Stillwater Rd. area by such a method recently, he said.

YONET arrests

The Yolo Narcotic Enforcement Team (YONET) made more arrests in 1998 than any of the other 31 narcotic task forces in California, according to a California Dept. of Justice report.

YONET made a total of 461 arrests last year, also leading its peers in the categories of felony arrests (321) and methamphetamine-related arrests (198).

YONET task force commander Brenda Heng reports that methamphetamine remains the "drug of choice" in Yolo County, with over half of this year's arrests to date related to methamphetamine use. More than 19,000 grams of the substance have been seized.

During 1998, YONET agents seized enough "meth" to keep the county's entire population "high" for six hours, the agency said.

Notice of Petition to Administer Estate of Esther Amaya
Case No. PB99-199

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of Esther Amaya:

A PETITION FOR PROBATE has been filed by Kathleen R. Sylvia, Public Administrator, in the Superior Court of California, County of Yolo.

THE PETITION FOR PROBATE requests that Kathleen R. Sylvia, Public Administrator, be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived consent or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on September 30, 1999, at 8:30 a.m. in Dept. 7 at Superior Court of California, County of Yolo, 725 Court Street, Woodland, CA 95695.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the next four months from the date of first issuance of letters as provided in Probate Code section 9100. The time for filing claims will not expire before four months from the hearing date noticed above.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

HOW TO WRITE AN OBITUARY FOR YOUR TEENAGER.

YOU sit and watch your child sleep. The hospital intercom serves as a constant reminder of where you are. You tuck in the blanket around his feet. He hasn't moved since you last tucked it in, but it gives you something to do. It's been two days since your child's friends carried him into the emergency room. The doctor says it's a losing battle. You're not ready for that.

★ LISTING THE *cause of death in the obituary is at the family's discretion.*

When the hospital called, you thought it was a minor cut, another broken collarbone. The hospital nurse mentioned inhalants. That was a mistake, you thought. But you soon learned "sniffing" – inhaling household products to get high – was not a mistake. It was a habit. A habit that could've started with over 100 ordinary, everyday products like gasoline, correction fluid and spray paint. A habit that makes paraphernalia out of socks, soda cans, lunch bags. A habit that can damage the brain, heart, kidneys, liver. A habit that can even kill the very first time. You stare at your child, and wonder if maybe that wouldn't have been better.

★ IT IS APPROPRIATE *to include the child's nickname if well-known.*

It's been 16 hours since your child was pronounced dead. The relatives you phoned didn't know about inhalants. It seems no one did. You haven't slept in two days but somehow, you keep going. Because you have a funeral to arrange. And people to console. And someone from the obituary section is on the phone. They need to know about the child you just lost.

★ FAMILIES WILL *often prefer to have the funeral home handle the obituary.*

Could this be your child? We hope not. For more information about sniffing, please call 1-800-729-6686. There are signs to look for. You just need to know what they are.

IF YOU DON'T WANT TO LEARN ABOUT OBITUARIES, PLEASE LEARN ABOUT SNIFFING.
